Re: Transfer of Notice of Intention for Small Mining Operations, Red Gulch Quarry, (from Larry Dutson to Rocanville Stone) and Combining of Files, Red Gulch Quarry (S/027/098) to Levin #2 (S/027/087), Millard County, Utah

Dear Mr. Hamilton:

On August 4, 2003, we received a Transfer of Notice of Intention of Small Mining Operations to transfer the Red Gulch Quarry small mining project located in the SE1/4 SW1/4 and the SW1/4 NW1/4 SE1/4 of Section 30, T18S, R13W, Millard County, Utah from Larry Dutson to Rocanville Stone. A map showing the area to be transferred was not received until August 25, 2003 to make the transfer form complete.

On September 16, 2003, the Division Director signed and executed the transfer document. A copy of the executed transfer form is enclosed for your files. *You are now the official party responsible for all mining and reclamation obligations for this project.*

By copy of this letter the Division hereby officially releases Larry Dutson from any further reclamation responsibilities at this site. Please be advised that you must also satisfy the BLM requirements in making this change in ownership. We will forward a copy of the executed transfer form along with this letter to the Fillmore Field Office for their records.

As you are aware, this project is in the same vicinity as your Levin #2 site; therefore, due to our neighboring and related sites policy, we will combine this Red Gulch permit with the Levin #2 permit. **The Red Gulch permit (S/027/098) will now be closed and both projects will be listed under Levin #2 permit, file number S/027/087.** By combining the two files, this may place Rocanville Stone in a large mining category. Mr. Tom Munson, of our staff, will inspect the project area to make this determination.

September 17, 2003

It is our understanding that you have plans to expand the Levin #2 area. Please be advised that in order to remain under a small mine status, the total combined acreage cannot exceed five acres. If it is determined that the total disturbance places this project over the five acre limit, we will require that you immediately submit a large mining application for the entire area and have it approved by this office and the BLM office, prior to any expansion at either the Levin #2 or the Red Gulch areas.

Thank you for your help in finalizing this transaction. If you have any questions or concerns regarding this letter, please contact me at (801) 538-5286 or Tom Munson at 538-5321. Best of luck with your continued mining venture.

Sincerely,

D. Wayne Hedberg, Permit Supervisor
Minerals Regulatory Program
Utah Division of Oil, Gas and Mining

DIVISION APPROVAL CERTIFICATION

This is to certify that I have examined this application for transfer of the aforementioned small mining operation and do hereby grant approval of the same, subject to the following limitations:

- (a) This transfer of small mining permit grants only the right to affect the lands as legally described in this application.
- (b) The transferee, or such other person as required by UCA 1953, Title 40-8, as amended, has acquired the legal right to enter and mine the lands as described in this application.
- (c) A topographic map of suitable scale is attached (as Appendix "A") which clearly outlines and labels the existing disturbed area boundaries through the date of this transfer.
